Noblesville IN 46060

Gas up in Noblesville prior to driving up to the park. It will be a 140 mile trip. We will closely follow the west fork of the Great White River through Pendleton, Anderson, Muncie, Farmland. Your scout has located the smallest and furthest branch of the White River in a farm field south of Winchester IN. We will stop for an MG club photo. Lunch will be a **Social distancing outside picnic**. Bring a chair and your lunch and drink. We WILL have a carry out option in Winchester.

After lunch and a short drive, we will ascend the highest point in Indiana at 1257 feet. Steve Hully will erect the American flag for another Hoosier MG club photo op. It appears that the highest point in Indiana is about 35 inches higher than the gravel parking lot. You CAN make the summit. We will caravan back to INDY on Highway 36 (Pendelton Pike).

Let me know if you are coming or just show up.

There may be prizes.
